Wedding Reviews

Closing Time was **AMAZING!**

We saw them play at a friend's wedding and, as soon as we got engaged, they were the first group we called. They were an absolute pleasure to work with. Very flexible, communicative, and friendly. Leading up to the wedding, we crafted our experience together which felt very personal and stress free.

They played during our ceremony, cocktail hour, first dance, parent dances, and reception and it was even better than we remembered. Our guests were on the dance floor all night and a week later, we are still getting compliments about them. 10/10 would highly recommend.

We hired Closing Time for our wedding in October at Wychmere Beach Club, and they were INCREDIBLE! So great to work with and kept everyone dancing all night. People are still telling me six months later how much they loved the band!

They're fantastic!

I have a million wonderful things to say about them!

BOOKING THEM FOR OUR WEDDING WAS SUCH A GREAT DECISION.

We really explored so many options for wedding bands, and Closing Time was the clear decision for us. The lead vocalists have fantastic voices, and the whole band is SUPER talented, not to mention they're also energetic, fun, good looking, lively, and they put on a great performance. They played such a wide range of genres (per our request) for our wedding, and our guests were on the dance floor all night!

Ryan, the Band Manager, and Cory, the Booking Agent, were both in constant contact with us from our initial inquiry until the day of our wedding. They were both SO helpful, friendly, responsive, and gave us so much confidence that the musical portion of our wedding would be executed flawlessly. Ryan really customized our wedding playlist with lots of great insight about how to keep the vibe right for the whole day.

I wouldn't change a thing - they were SO good!!!

I can't recommend them enough!!!

Closing Time was communicative, professional, and absolutely crushed the music!! All our guests were on the dance floor and talked about the band afterwards for days! Their communication prior to the wedding relieved any stress, and we would recommend them to anyone!

Closing Time was absolutely amazing! They played for our wedding this September 2024 and created the best party. They played such a range of music from pop to country to rock, and the vocals sounded awesome. We got so many compliments on the band, and the dance floor was packed all night. Highly recommend!

Closing Time helped make our wedding amazing. Everyone was on the dance floor the whole night. Could not think of a better band than Closing Time for our event.

Deciding on a band was the decision we weighed the most and took the longest to decide on. Ultimately, we were thrilled with Closing Time and would hire them again in a heartbeat. They were very easy to work with and said yes to all of our requests. That included assistance editing a song for the ceremony and most importantly, allowing one of us to play a song with the band. They helped us organize the timing for when the groom would play and it was a crazy surprise for the guests and went so well. That is one of our favorite moments from the entire day and they made it happen.

We also provided a few must plays and several other preferred songs. They built a song list around our preferences and it felt very much like us. They have depth and range and clearly rehearse as you can tell from the transitions between songs and the flow of the sets. It shows so much in how great they sound and how smoothly things flow. They were fantastic. The band was absolutely one of the top two things we received the most compliments on.

We couldn't have been happier with Closing Time! Their professionalism was evident from the moment we booked with them. They met with us to meticulously review the details of our entire day, hear our music preferences, and accommodate special events at the reception.

On the day of the wedding, they ensured everything was perfectly set up for their performances at the ceremony, cocktail hour, and reception. The quality of their music was exceptional - from elegant music at the ceremony and cocktail hour to upbeat hits at the reception. They played a fantastic set that was full of energy and kept the dancing going for the entire night.

Having great music and nonstop dancing was the top priority for our wedding, and Closing Time was undoubtedly the best choice we made to ensure this. Countless guests approached us in the days and weeks after the wedding to comment on how amazing and unforgettable they were. Highly recommend them!

As soon as I got engaged, Closing Time was the first vendor I called! I saw them at a friend's wedding a few years prior and knew I had to book them for my wedding.

From the admin/communication leading up to the wedding to the dance floor vibes all night - everything was a 10/10. We even had engaged friends reach out after the wedding to get their information so they could book them for their own upcoming weddings. Highly, highly recommend booking Closing Time - you will not be disappointed!!!

Our wedding was halfway between NYC and Boston and after an exhaustive search for bands in both cities, we chose Closing Time for our wedding in May because their quality is excellent (we've listened to many bands' demos and unedited recordings) and they were fairly priced. We got exactly what we expected!

They had everyone dancing, including our parents and older family members, until the last song. Everyone raved about how great the band was, and the wedding coordinator at our venue told us she was trying to get Closing Time on their preferred vendor list. A relative who's in the hotel business in the Boston area (and has seen many weddings) said "your band was excellent; will definitely be giving their name to our wedding people." My father (who was originally against having a band) came up to us immediately after the wedding and told us Closing Time was the best decision of the night. Closing Time also did a great hora for us, which was important to us.

They were very easy to work with and made our day special for us. We had sax and keys for cocktail hour and an 8-piece band for the reception.

I love Closing Time! I've been attending their shows for about 9 years, and they never fail in any performance. Rock solid all night long! They were my top choice for my once in a lifetime wedding, and they killed it. All night I got compliments and reassurance how great the band was. Such great music and great people.

Closing Time is phenomenal. We first saw them at a friend's wedding some years back. We also caught them playing at a local venue. Both performances were so impressive that we knew we had to book Closing Time for our wedding. Closing Time has an endless assortment of songs in their repertoire, and they are eager to craft a setlist that fits the wants and needs of the event. The individual members' talent is on point, and they all come across as enthusiastic to perform together and for the audience. If you are on the fence on whether to book Closing Time, don't hesitate any longer. We and our guests will always remember them as a true highlight of our magical day.

Closing Time performed at our wedding in October 2023, and they were absolutely incredible! They got the party going right off the bat with amazing song choices and kept people on their feet the whole night. We cannot say enough good things about Closing Time. We hired Closing Time as our band for our wedding and they were the highlight of the night! The team at Murray Hill Talent, Cory & Ryan, were great to work with - very responsive, patient and organized. They also provided the AV for our ceremony, ceremony music and cocktail reception music. It was so easy to have everything in one place. Closing Time was an absolute hit. We had so many of our friends and family compliment them the evening of and still today, one month later. The dance floor was PACKED the entire night. The mix of music was exactly what we were looking for. We cannot thank them enough!!!

Closing Time through Murray Hill Talent was our band and MC service for our August 2023 wedding. They are PHENOMENAL. Truly cannot describe how incredibly talented this band is. We have received so many compliments about how great of a band they were and how fun they made our reception.

Ryan, the Band Manager, is amazing and so easy to work with. We had a call with him about two weeks before our wedding and reviewed overall what our likes and dislikes were for our setlist direction, and I was amazed at how well they crafted it to meet what we wanted while still delivering happy surprises along the way. My parents' 35th anniversary is this year, so they even learned my parents' wedding song to surprise them half way through their first set at the reception.

10/10 recommend them – they will plan your entire ceremony, cocktail hour and entrances to a T, leaving you with full confidence, no stress, just enjoying your day. Thank you Closing Time for being such a special and memorable part of our wedding day!

Incredible. Closing Time is the absolute best band you can hire for your wedding. We started off by chatting with Paul, the contact through Murray Hill Talent. He was so helpful throughout the entire process. We filled out two simple planning sheets for the band and about a week or two beforehand, we spoke to the Band Manager, Ryan. He was so kind and beyond helpful. He really made us feel comfortable. He was thorough and made sure everything was exactly the way we wanted it. We appreciated that he gave us such helpful advice during this conversation as well.

I want to make it clear that we didn't even hear Closing Time in person before the wedding! We just booked them based on reviews, YouTube videos and Instagram. Of course, this was a little nerve wracking for us, not hearing the band play live beforehand. First moment of amazement came during the ceremony. The pianist played unique songs that we requested (a blink-182 song, an Aerosmith song, and an Avicii song). We were blown away by how amazing he was! The songs sounded absolutely beautiful. Next, when we heard the singing that began during the cocktail hour and dinner, we instantly knew that we made the right choice.

Lastly, the reception, the whole band really brought the party. They played the PERFECT music that got everyone dancing for the entire night, including my mom who is typically picky with the music she dances to at weddings! We made sure to ask Ryan during our phone conversation to play all genres of music that will ensure all age groups will dance the night away. They truly made that vision come true. Every single band member was fun, energetic and absolutely amazing. They blew us away. People are still talking about how amazing Closing Time was! We didn't want the party to end. They had fun solos, and made each song roll right into the next one. Their voices and the music were absolutely AMAZING. We are thrilled that we booked Closing Time.

They were perfect. Trust me, you will be absolutely thrilled booking Closing Time. They were everything we imagined and more. They blew us away and truly left us speechless. Go book them now! Thank you, Closing Time! We can't wait to come watch you perform in Boston sometime soon!

Closing Time performed at our wedding in June 2023 and they were nothing short of amazing. They are extremely responsive to questions leading up to the day, and they made the planning process easy and stress free. Closing Time was unbelievably fantastic. They were super flexible and communicative leading up to the wedding, even helping us out with a down-to-the-wire sound issue in the days before the wedding. The set list was impeccable and they had the dance floor packed. 6 months later I still have people complimenting us on how great our band was.

Closing Time performed at our wedding in May 2023. I cannot speak more highly about this band! They truly made the party. It was an easy process from the beginning as we first worked with their manager and then later the band leader, Ryan. We had a member of the band play acoustic guitar and sing during the cocktail hour and then the full band play for the reception. The music was exactly what we wanted – heavy on the 90's hits! Their energy kept the dance floor packed all night. We continue to have so many compliments from guests who loved the band. Book Closing Time for your wedding! You will not regret it!

Professional and accommodating from start to finish! Murray Hill Talent made it very easy to organize the most important part of our wedding (besides the ceremony). Closing Time absolutely crushed the reception. People who said they never dance got up and joined the packed dance floor because the band was that good. Couldn't have been happier with our choice!

Choosing Closing Time was probably the best decision we made in terms of our wedding. The band manager was so responsive to any questions we had and was super helpful with all of the suggestions he made.

The band was AMAZING the entire night! We received so many compliments from our guests that night and we still do. We have recommended them to many of our friends and family already and would highly recommend them to anyone looking for a live band.

Closing Time is the best! We found them through Murray Hill Talent, and could not be happier to have hired them for our wedding. Ryan, the band's manager, was a true pleasure to work with – organized and genuinely excited about our wedding. He worked with us to have the band learn a new song for our First Dance, he answered a bunch of questions we had, and he gave us full confidence in the band's ability to handle our requests (we had quite a few very specific asks, like playing a few songs early on in the night, including back-to-back slow songs so our guests who prefer slower dances would have more time on the dance floor). Closer to the wedding day, Ryan and I chatted on the phone to review details and logistics. He fully comprehended our musical preferences and it showed through in the band's performance on our wedding night.

Our guests are still talking about how great the band was, particularly in the song selections! I cannot recommend Closing Time highly enough.

Closing Time was the perfect wedding band! Planning and discussions were stress free and fun. We discussed timelines, names, introductions, ceremony music and most importantly reception music. The entire process was easy and Ryan really made it feel like they were there to make us have a good time. We used them for both our ceremony and reception, and both went perfectly. Their music, upbeat attitudes and range made sure everyone had a great time and our dance floor was packed from start to finish. They even learned our first song!

If you want to have fun at your wedding this is the right band for you!!

Closing Time was absolutely incredible for our July 2022 wedding in Poughkeepsie, NY. Our friends had Closing Time at their wedding in September 2019 and once we got engaged and knew we wanted a band, we knew we had to reach out to Closing Time. We loved them as wedding guests and wanted the same experience for our wedding guests. Cory was super responsive in scheduling and coordinating our day, and the band manager Ryan was super professional and incredible to work with leading up to our big day. They happily made the trek from Boston to Hudson Valley and brought the energy and incredible music that kept our dance floor alive all night long.

So many guests and workers at our venue came up to us and said they were one of the best wedding bands they had seen. We had an absolute blast with Closing Time on our wedding day and would absolutely recommend booking them!!

They were absolutely amazing and crushed our wedding. Every single guest commented on how awesome they were. They blew us away. Such a talented and fun group. They played a major part in making our wedding the best day ever! Their energy is contagious. They had the dance floor packed until the end of the night and played the best songs! The dance floor was electric all night long. We had a 150 person wedding, and I'd say there were over 100 people on the dance floor the WHOLE night. I had a million people ask about our band, because they were so good. They have an amazing range. They can do classic songs, MoTown, 80s, 90s, 00s, you name it. We added two horn players.

I feel so lucky to have had Ryan and his band at our wedding. He and Ken are so easy to work with... super accommodating and responsive. If they are available for your date, BOOK CLOSING TIME!

To say the Closing Time band rocked our socks off would be the understatement of the century! My husband and I, along with all of our guests, were blown away by the band's sheer talent, energy, and ability to get everyone on their feet and excited for the next song.

Ryan and the band worked with us from start to finish to plan an excellent performance, which included beautiful acoustic guitar during our cocktail hour, masterful MCing to kick off our dinner reception formalities, and an incredible full band performance that had us and all of our guests dancing all night. We had so much fun, and I cannot even begin to count how many compliments we have received since our wedding across the board. The band is so musically talented, has a knack for choosing just the right song for the moment, and just brought so much fun to the party.

We strongly believe having Closing Time perform at our wedding was one of the absolute best decisions we made, and really brought our wedding as a whole to the next level. They are worth their weight in gold – if you are thinking about Closing Time, you need to hire them! Like us, you will be so happy you did!

Closing Time stepped in after our originally booked band canceled months before our wedding. From the start it was clear we should have booked with them from the beginning. Everyone we interacted with including Ryan and Alex went above and beyond to make sure we had the best wedding day ever. Guests raved about the music, and they kept everyone on the dance floor until the very end. I would HIGHLY recommend this band for any and all functions (I wish I had another event to plan so we could book them). Look no further if you want the best band around for your wedding!

Closing Time is a must have at your wedding!! When we started planning our big day, having a band was at the top of our list. We are so glad we had Closing Time as our band for our wedding! They were absolutely amazing!

Ryan was professional and great to work with leading up to the big day and the rest of the band members were great on the day as well! Over two months have passed since our big day, and our guests are still mentioning how great the band was! We had Ryan as the guitarist for cocktail hour which we got raving reviews from the guests on how great the music at cocktail hour was and then the full band for the reception!

The dance floor was full the entire night! The set list was unreal and there were songs for all guests to enjoy! We held our wedding at the Fairmont Copley Plaza which is, in my opinion, the most beautiful venue you could ever hold your reception at. However, by far, the most compliments we got from our wedding, was on our band, Closing Time!!! I can't say enough good things about them!!! Seriously, no one left the dance floor the entire night. It was the MOST fun dance fest that EVERY. SINGLE. ONE. OF. OUR. GUESTS. LOVED!!! They were so beyond sweet making sure all my requests were taken care of (my Dad and I got introduced to the Patriots tunnel song for our father/daughter dance and they cut the song to perfection). Seriously, if you haven't booked your band yet, this is your sign to book Closing Time ASAP!!! One of the best wedding decisions I made!!!

Closing Time was one of the best parts of our wedding! Ryan was so easy to work with, and he made every part of the planning process enjoyable. Talking to him before our wedding got us even more excited for our big day, and the band surpassed our expectations by a long shot! Wow! We are so lucky we chose Closing Time as our wedding band. Aside from the amazing music, Ryan and the band were so professional, and he was such a great MC for all announcements, introductions, etc! The band made the ENTIRE night!! Our guests were giving them standing ovations just from their music they played during the dinner!

Everyone was immediately on the dance floor after dinner, and they did not leave the dance floor until the wedding was over! Their talent and the music was just phenomenal. Ryan was so great in the pre-wedding phone call to make sure everyone's names would be pronounced correctly, to make sure they played all our favorite songs, and to go over all logistics. Closing Time was absolutely incredible! One of the most enjoyable parts of our wedding day was the dance floor atmosphere they created. They were very involved in the wedding process, and used our song list preferences to create an evening full of lively dancing and celebration!

They were such a fun group, and any couple would be so lucky to work with them! The band checked in with us frequently and went over key details about our special day well ahead of time, which made my husband and I feel completely at ease and relaxed about our band choice.

Not only were all of the band members highly professional but they are also extremely musically talented. Almost a month after my wedding, I still have people who were in attendance complimenting and praising Closing Time.

CLOSING TIME DID AN AMAZING JOB!

Of all my vendors, the band was by far the easiest to work with. Ryan was super responsive and helpful when I had questions ranging from COVID precautions to music choices. They have a very broad range of songs in their set list, and I even threw in a few not on their list. Closing Time accommodated all of my requests without any problem!

Bands in general are more pricey than a DJ, but you can't go wrong with Closing Time. They set up the PERFECT set list of classic jams, avoiding anything cheesy. We added an acoustic guitar for the ceremony and cocktail hour, and I'm so glad we did. When it came time for the processional, it was amazing to have someone there playing live music to help adjust the pace or extend a song when there were delays.

Throughout all of our planning, we were nervous about having a band with COVID precautions but they ended up making the night really fun and easy.

Thank you, Closing Time!

OH MY GOD! BOOK THEM. BOOK THEM NOW!

I was lucky enough to find Closing Time through other reviews online. Having never seen them perform live before, I was a tiny bit nervous booking them based solely on good Internet reviews and a few videos. THEY LIVED UP TO THEIR FIVE STAR REVIEWS AND MORE! Soooo many people came up to us and said it was the best live band they had ever heard. They made our wedding what it was from start to finish and played absolute bangers all night.

On top of being incredible musicians, they were so nice! We had a handful of little kids at our wedding, and they could not have been more patient with them (they even let them do a mini performance at one point). Ryan, the band manager, was so patient with us as we made up our minds about different things we wanted for the ceremony and reception and offered us great guidance throughout the process.

I always kind of thought people were overstating that their wedding was the best day of their lives, but, truthfully, Closing Time made our wedding the best. day. of. our. lives. I'm so grateful and wish I could relive it all over again. I hope that my review does for you what others did for me. Finding Closing Time through great reviews gave me an unforgettable experience.

I wish I could give them a million stars.

Closing Time deserves all the five star reviews they get. The dance floor was packed the entire night at our wedding, and the band played a great variety of songs. Guests of all ages enjoyed the party, but the set was still very current. Communication with the band leading up to the "big day" was solid. Book them without hesitation!

Closing Time came to our rescue after the third COVID-related cancellation and rebooking of our wedding day. Due to the last change, four weeks prior to our wedding date, we were band-less. Upon researching 20+ bands, Closing Time came in very clearly as the winner! They were phenomenal to work with, super flexible as things were changing daily with various restrictions, and they made our wedding day that much more "real" feeling amidst all of the restrictions.

Closing Time played outside on a stage under the stars where they were all appropriately distanced from one another and the guests. The music was perfect, and we are so excited and appreciative of how everything turned out, even through the ups and downs. Even with the slowdown of live entertainment due to COVID, Closing Time sounded AMAZING (even though they hadn't been able to perform together much, if at all, prior to our wedding). We cannot wait to get our video back to relive our big day!

Closing Time was AMAZING!

I thought it was great that Ryan, the band manager, reached out to me a few weeks prior to go over everything and allowed me to choose what songs and genre of music I wanted to hear for the night. He was very accommodating and easy to talk to. The band played a wide variety of music and everyone loved it! So many people followed up with me after saying how awesome the band was.

I can't say enough about Closing Time - so happy they were a part of my wedding day!

2019 REVIEWS

Closing Time helped make our day so special.

Ryan and the team were so easy to work with. We discussed the vibe we were hoping for (maximum dancing) and the songs I wanted to avoid. They were so great to learn our first dance song for us and even played "All I Want for Christmas" to add some holiday flavor to our December wedding.

The dance floor was packed ALL night, and I'm still hearing praise for the band two months later. Highly recommend!

Closing Time performed at our December 7th wedding this year and they were absolutely amazing! From start to finish we had the best experience. They provided us with a beautiful guitarist during the ceremony and cocktail hour followed by a 6-piece band for the reception. Our guests are still talking about how amazing the band was. Not only was our wedding night fabulous but communication with Closing Time during the planning process was great. We were in constant communication and they performed exactly what we wanted! We hope to see them or hire them at a future event!

Prior to getting engaged, we attended a wedding where Closing Time was the band. We loved them and didn't leave the dance floor all night. When it was time for our turn, there was no question on who we wanted to book for our own wedding. The whole band is awesome to work with and really do everything they can do to ensure you have the best day (and best party) ever. You will not regret it!

My wife and I had known this band from their days playing at Waxy's in Foxboro. They always put on a great show then and they didn't disappoint at our reception. We dealt with Scott for the initial phase of planning and then Ryan took over once we got closer. They both were great. Open to any question and suggestion and always responded quickly. I believe Ryan even had a serious family emergency in the weeks leading up to our wedding and still found time to answer us. We also spoke on the phone with Ryan directly several times to get set lists and order of events all planned out. As for the reception performance, my wife and I received numerous compliments about this band. They were on time, upbeat, professional and had people dancing all night. I would highly recommend them to anyone in the market and will definitely be using them again.

Overall wonderful experience with Murray Hill Talent and Closing Time! Extremely accommodating, responsive, made our wedding day extra special. And they sounded amazing!! Everyone had such a fun time at our wedding. Would highly recommend!

If you've gone through a ton of audition clips or YouTube videos... STOP! You need not look any further. Closing Time not only delivered a super fun packed dance floor all night long, they were so on point vocally and musically that it was scary. Ryan met with my (now) wife and myself to go over just how we wanted the reception to go, including special songs for some special people in our lives, first dance, etc.. However; if you're looking for the band with sombreros or silly glasses, this may not be the band, but if you are looking for amazing vocals, a spirited 5 hours of entertainment where your guests are screaming for more at the end.. yup, this is the band you need to hire. In short, they were easy to organize with, punctual, great communication up to the day before the wedding and they delivered in every way we could have hoped for....

Thank you Ryan, Closing Time and Murray Hill Talent.

We can't tell you how many guests of ours since our wedding have complimented Closing Time! From the intros to the first dances, to the dinner music, and time for dancing, it was amazing. Everyone was out on the dance floor - some didn't stop all night! Everyone loved their energy. The reps from Closing Time were so easy to work with. Planning a wedding can be stressful, but their simple/easy to follow planning tools and system made life so much easier. We went to watch them at a few of their gigs prior to the wedding - we cannot wait to follow them and go see them again! Highly recommended. We did the 7-piece package.

Oh my goodness, I don't even know where to begin except to say – BOOK CLOSING TIME NOW! Ryan and the rest of the band members were without a doubt, the best part of our wedding. As a bride and groom who were absolutely set on booking a DJ, we opted to check out some bands at the request of our family members. Needless to say, we could not have been happier with Closing Time.

Not only are they amazing musically, they're stellar performers – we got our wedding pictures back and the dance floor was absolutely packed the entire time with every age range of guest – all thanks to Closing Time.

As a bride and groom who were anxious about logistics leading up to the wedding day, Ryan was always there to help. His calm demeanor and ability to make light of any situation was such a comfort to us. Additionally, they're simply just great people. My father-in-law was ill during our reception and needed to go rest, meaning we had to do a quick shift in the schedule and move up some key events. Ryan and the rest of the band understood without hesitation and even interrupted their break for dinner to make sure my father-in-law could see the Mother/Son and Father/Daughter dances before he needed to rest. It was so appreciated.

Again, we absolutely cannot speak more highly of them. Closing Time was the highlight of our wedding without a doubt. THANK YOU so much, Closing Time!

We were super happy we chose Closing Time for our wedding. They were able to play a really diverse set of music and it was all excellent. They kept the party going into the night and everyone was talking about how good the band was. Ryan was also super helpful and responsive leading up to the big day.

FIVE STARS – HIGHLY RECOMMEND!

My wife and I got married on August 31st at the 1620 Winery in Plymouth, MA. We knew that we wanted a live band to help make the night extra special. We did a lot of research prior to the wedding and found the band Closing Time.

Before contacting the band, we went and saw them perform live. They performed at the Lansdowne Pub that was located inside Mohegan Sun in CT. They were outstanding! The entire crowd was engaged and dancing the night away. Towards the end of the night my mother in law approached the lead singer with praise and got a business card. The Band Manager, Ryan, was a true professional from the time we met him and introduced our wedding plans all the way through the encore at the end of the night at our wedding. They delivered everything they promised and beyond! I would highly recommend checking them out and getting them booked for your wedding day.

They played a great mix of songs and incorporated extras for us. We had a special request to get introduced to the party to the tune of “Rock and Roll” by Led Zeppelin, and they absolutely crushed it! They also incorporated a traditional Jewish dance “The Hora” by request. This was so fun and made the night! People that attended our wedding are still praising it and saying how fun it was. I can honestly say that Closing Time played a huge role in making it an incredible party that we will never forget.

Thank you, Closing Time!

This review is for Closing Time and I have to start by saying they were amazing! Everyone at Murray Hill was great to work with, very friendly and made the process to find our wedding band super easy. We went to see closing time in Salem, MA before our wedding and were so excited about their performance that we could not wait for them to play our wedding.

Working with Ryan from Closing Time was also very easy. We spoke about a week before the wedding, talked through the songs we wanted to hear, specific do-not-play songs, and just getting to know them. When the day for the wedding came, Ryan was an awesome MC for the reception and doing introductions. But the performance they put on for us was amazing. All of our guests were on the dance for three hours straight – no one wanted to take a break because the performance was so good.

Thank you to everyone at Murray Hill and especially the members of Closing Time, you guys really made our wedding a lot of fun!

My husband and I got married in Killington, VT in July 2019. We currently live in south jersey, so we chose most of our vendors from past reviews. We researched for months to try to find a band for our special day. We came across Murray Hill Talent and the band Closing Time while searching online. We watched videos of the band and instantly knew we wanted them! My husband emailed Murray Hill Talent to get a quote and they emailed back right away. We decided to go with the band Closing Time and we are so incredibly glad we did! Ryan the manager/lead singer was in contact with us via email and then called us the week before our wedding to iron out all the details. Ryan was very easygoing and great to deal with!

The band was absolutely AMAZING and had all of our wedding guests on the dance floor all night long! I remember looking out at the tables and not one person was sitting! They played all the right songs and guests later raved about how good they were. To us, having good music was such an important part of our big day and we couldn't have been happier with our choice! You guys rock!

When we were first dating we would go to a few bars in Boston to see this amazing band. We never dreamed we'd be able to have them at our wedding but they truly made our dreams come true !!!

They are crazy talented and gave our guests the BEST DANCE PARTY at our wedding in Kennebunkport ME. We received ENDLESS compliments from our wedding guests saying it was the best band they had EVER seen at a wedding and how much fun they had because of them.

Ryan, the band leader, had a long phone conference with us beforehand to make sure we had all of the details ironed out and he knew all of our song choices/name pronunciations/schedule/etc. He was extremely organized and professional. He did a great job announcing everything we asked him to during our wedding and has an amazing voice! The female lead singer was just as incredible and I would highly recommend doing the 6 piece or 7 piece band so that she can cover the female songs. They played a wide array of songs from 60s-90s-today which is what we requested and had our guests on the dance floor ALL night long. We can never thank this band enough for making our wedding as incredible as it was - they are SO worth hiring for your wedding !!!!

THANK YOU THANK YOU, Closing Time!

BOOK THIS BAND!!! We knew we wanted live music at our wedding, and Closing Time ended up being one of the most talked about highlights of our day! Ryan and the team were so organized, professional, so kind, and accommodated all our requests flawlessly – including complicated first dances.

The set list they played for us and our guests was SO perfect that no one wanted to sit down for a single song!! And the energy was so infectious that we had wedding crashers who lived near the venue come all the way over just to inquire who was playing! It's a month later and our friends and family are still buzzing about them and how much fun the dance floor was. You will NOT regret booking them!

Ryan from the band was awesome, we had email contact with the manager for most of the time in the year before the wedding and organized with her on which song we wanted the band to learn and filling out our day of timeline and then about a week before the wedding Ryan from the band gave us a call and went over all the wedding party names, the timeline, how we want things to go and what not. He was friendly, upbeat, excited for our day, and showed all that exuberance on the day of! Closing Time did an hour of acoustic guitar for the cocktail hour and then integrated some DJ songs and traditional greek songs that we requested throughout the night.

Everyone loved the band and the band got everyone going! Highly recommend them!

We knew that we wanted a band at our wedding, and hiring Closing Time was one of the best decisions we made throughout the planning process!

During our wedding, Ryan ran the music at our ceremony and played acoustic guitar at cocktail hour. For the reception, we had the 7-piece band. The flow of the evening was awesome, and we didn't have to worry about a thing. We did ask Closing Time to learn our first dance song, and it was perfect. Additionally, the set list that they created had everyone of all ages dancing from start to finish.

I can't tell you the number of people who I have talked to since that have gushed about how great the band was at our wedding. To top it off, Ryan was extremely friendly, professional and so easy to work with. If we were to do it all over again, we 100% would book Closing Time.

Closing Time was a top-notch professional six piece band for me and my wife's wedding. Couldn't recommend them more. Not only was the band great, but those at Murray Hill talent who helped me book everything were super helpful.

We had such a great time with Closing Time as our band!

I am definitely a type A personality when it comes to planning anything, and it was magnified for our wedding, but Ryan read and responded to all of my novel-length emails with understanding and excitement. Our phone call with him before the wedding would have been enough, though, considering how organized and thorough he was. Closing Time also supplied equipment and much-needed expertise for our ceremony and cocktail hour, which made everything run seamlessly.

We didn't have a big wedding, and many of those who did attend were not big dancers, but Closing Time got everyone up on the floor at one point or another and kept the energy high throughout the night. All of our guests made sure to tell us what a great band we had hired and how much fun they had--Closing Time is a fantastic group of performers to have at a wedding!

Closing Time was unbelievable! Whenever anyone talks about our wedding to us the first thing they mention is "that was the best band ever," and we couldn't agree more! All of our guests were on the dance floor and begging for more! In addition to being extremely talented, the band members were all extremely nice and easy to work with. We also had Ryan sing acoustic during our cocktail hour and it was perfect! Would highly recommend!

I HAVE A MILLION WONDERFUL THINGS TO SAY ABOUT THEM!

Booking them for our wedding was such a great decision. We really explored so many options for wedding bands, and Closing Time was the clear decision for us. The lead vocalists have fantastic voices, and the whole band is SUPER talented, not to mention they're also energetic, fun, good looking, lively, and they put on a great performance. They played such a wide range of genres (per our request) for our wedding, and our guests were on the dance floor all night!

Ryan, the Band Manager, and Cory, the Booking Agent, were both in constant contact with us from our initial inquiry until the day of our wedding. They were both SO helpful, friendly, and responsive, and gave us so much confidence that the musical portion of our wedding would be executed flawlessly. Ryan really customized our wedding playlist with lots of great insight about how to keep the vibe right for the whole day.

We hired the band for three different portions of our wedding day - we had the keyboard for our ceremony, an acoustic guitarist/vocalist for our cocktail hour (our guests went nuts; they LOVED him), and then we had the full band (including horns) for our reception. The price was also fantastic for how amazing the band truly was. I wouldn't change a thing - they were SO good!!! I can't recommend them enough!!!

We had the 7-piece version of Closing Time at our wedding last May and we could not have made a better choice. The whole process with them was easy, and they tailored the whole night to our preferences. They helped with everything from our ceremony through cocktail hour and of course the reception.

The dance floor was packed the entire night, which is exactly what we wanted. My cousin even tore her ACL from all of the dancing (she is ok now!)!! People are still talking about how great Closing Time was and sending us videos of them going out to see Closing Time again at various bars around Boston. I

would 100% recommend them to anyone who wants their wedding to be one big all night dance party!

Working with Closing Time was amazing!!

Closing Time called us ahead of the wedding to discuss what songs we would like to use for an intro, mother/son dance, father/daughter dance, and on what note we would want to end the reception with. We were indecisive on the ending song and asked them to feel the room out, which looking back, we were just exhausted from all the decision making that was going into the planning. All in all, they absolutely crushed it!

They hit their perky songs, the dance songs and the songs that were nice to take a breather and/or eat to. I would highly recommend this band based on their professionalism, flexibility and awareness.

Thank you for a brilliant night!

2018 REVIEWS

Closing Time was an absolute pleasure to work with.

The Band Leader, Ryan, had a clear understanding of what it takes to provide exceptional entertainment for our guests, while we were able to focus on simply enjoying our event. The methodical professionalism set forth by Ryan's pre-planning with us was priceless. His attention to detail went beyond anything we would have thought of ourselves, right down to engineering the sound quality of the full band to this specific venue, so that the music was audibly enjoyable for all our guests. The tremendous talent of the musicians would end up being dwarfed by Ryan's ability to tactfully and personably emcee the event.

As the night progressed, we understood it was the band, Closing Time, that represented to our guests the wedding day that we had planned so carefully. Besides the bride and groom, the band was our guests focal point and 'The Vibe' brought forth was a wonderful visual and musical spectacle as the wedding planner, florists, caterer, and everything else went unseen. Now, 6 weeks later, our guests still rave about the unforgettable celebration that took place!

I am grateful that I was able to talk my daughter, the bride, from a Ho-Hum D.J with tacky props, to the upscale entertainment that Closing Time brought to the table.

If you are looking for a band that will get everybody dancing, then Closing Time is it. They take the time to understand the type of music you want, open to new ideas, and are masters at their craft. The #2 most heard quote of the night (after "congratulations", of course) was "the band was incredible". Seriously. If you like fun, dancing, and great music played by great musicians then you've found your band right here.

We had Closing Time as our wedding band September 1st, 2018 on Thompson Island in the Boston Harbor. They were AMAZING!!! We got the 7-piece band and also had acoustic guitar for the cocktail hour and we were very happy with both. The band were wonderful communicators before the wedding as we planned for the wedding and were even better on the day. The party was rocking the entire time and we heard repeatedly over the next couple weeks how many people thought the band was the best they'd heard! Do yourself a favor and go see one of their shows so that you can hear for yourself how incredible they are.

Many thanks to the whole group from a very happy couple!

I wish I could give more than 5 stars for Closing Time!

I can't truly put into words how phenomenal they were at our wedding a few weeks ago! We found them online about a year and a half ago; we ventured up to Boston to see them in person before booking, and we were just blown away! We had the pleasure of having Ryan, the band leader, play acoustic guitar and sing during the ceremony and cocktail hour, and he was sensational.

The reception from start to finish was one of the best concerts I have ever been to. We decided on the 7-piece band (I highly recommend that option!). Right when the main course was finished, 95% of the guests were on the dance floor and never left all night. The energy was infectious, and it radiated to each and every one of our guests. That was the quickest 4 hours of our lives! Song selections and flow were sensational.

The band left their hearts on the stage, and we couldn't get enough! We truly had the time of our lives!!! Weeks later, we have guests still calling and asking about the band and just raving about them. Friends and family will be hiring them for future events/partiesand as for me and my husband, we cannot wait to bring them back for our next event...our housewarming party!

CLOSING TIME IS THE BEST WEDDING BAND EVER!

When we were first deciding on the music for our wedding, we thought we would get a DJ, because we wanted the songs to be consistent. We decided on a band at the last minute and went with Closing Time because they were young and we felt that they had high energy and would get everyone on the dance floor.

They were FANTASTIC – people were dancing BEFORE dinner and didn't stop until the band literally left the stage. They play all kinds of music very well and get everyone of all ages excited to get up and dance. They are also incredibly flexible – they worked with some crazy requests and created a special mashup for our parent dances.

Ryan is so friendly and easy to work with and he made everything go super smoothly. We chose them for our ceremony and cocktail hour as well, and they were fantastic.

I can't imagine any other band that would have been better for our wedding. Honestly, we plan to hear them live any time they play in Boston!

CLOSING TIME WAS EVERYTHING WE EXPECTED AND MORE!

Where do I start? There was not a single guest at our wedding who did not comment on how great the band was. Being a musician, having sung and played in bands myself, I was incredibly apprehensive about choosing the music for our wedding. My husband and I scouted at least ten different wedding bands, watching demo videos and going to live shows.

We saw Closing Time at The Lawn on D and hands down I was singing along to pretty much every song. Their sound, vocals and song selection are top notch, and I will freely admit that I am incredibly picky when it comes to music. I actually went to the Lawn on D several more times to see them play before our wedding.

Communication with their agent was uncomplicated and Ryan, the Band Manager, was very responsive. I expected having to meet with the band a couple of times to discuss the details. Boy was I wrong! Ryan clarified everything in ONE phone call, and I did not have to lift another finger or waste another thought on anything music related. The ceremony music was just as I imagined, MCing and announcing went smoothly and the dance floor was packed from the first song to the last!

Thank you Closing Time for making our wedding day perfect!

One of our first vendors we booked was Closing Time!! We hired their 5 piece band with female and male vocals. They were awesome and kept the dance floor full all night long! Their lead singer and manager Ryan was great to work with and took care to make sure we had all the songs we requested for the ceremony and reception. Closing Time absolutely made our wedding! Our guests are still talking about how great they were. They played stuff for the younger people and seamlessly blended into songs the older people loved. The dance floor was full the entire night. I can't say enough good things about Closing Time. My only regret is not having Ryan sing live for my walk down the aisle cause holy cow does he have an amazing voice! We were married on 9/16/17 and had Closing Time play for our reception as well as provide acoustic guitar for our ceremony and a live trio for the cocktail hour. We were SO blown away! We hadn't heard the band play live before hiring them so we were relying on the promo video and other videos of them playing live when we chose them. While they sound great in those videos, there is NO comparison to how AMAZING they are in person! It's over a week after our wedding and our guests are still telling us how much they loved the band. Murray Hill Talent and the bandleader, Ryan, were so easy to work with and so accommodating. The band itself is just insanely talented, has a great energy and plays such a crowd-pleasing repertoire of songs. We had an absolute blast and would not hesitate to hire them again!

Closing Time went above and beyond to ensure our wedding was one to be remembered!!

From the first conversation until the wedding day, Ryan was open and communicative with us, ensuring that all of our wants musically for the wedding were met. Eight months before the wedding date, when we learned the best man was deploying, Ryan and his band, without hesitation, accommodated us moving the wedding up two months. On the day of the wedding, Ryan arrived early to set up the sound system for the ceremony and tested all equipment to ensure everything went off without a hitch. Ryan and the band even helped us pull off an epic surprise sing-a-long of happy birthday for the father of the bride. When it came to the dancing portion of the night Closing Time had the entire dance floor backed from start to finish with their amazing covers and engaging performance skills!!

We would highly recommend Closing Time for all of your wedding & musical entertainment needs!
